Press Release

## **Nuvoco's Jojobera Cement Plant inaugurated smart class**

**November 23, 2018, Jojobera:** With the objective of improving the quality of education, Nuvoco's Jojobera Cement Plant (JCP) inaugurated smart class at Jamshedpur High School. The inauguration was done by Mr Anil Swarup, Chief Executive Officer of State Development Council; Mr Amit Kumar, Deputy Commissioner, East Singhbhum, Mr Manoj Agrawal, Senior Vice President – JCP and in presence of other Nuvoco officials, teachers and students.

As part of the program, the classroom will be equipped with audio – visual touch-screen with all peripherals and software which contains course related materials for the CBSE curriculum. The main purpose of the program is to attract students, retain them in schools and improve the quality of education through animated multimedia-based content and also to enhance the quality of learning by making it fun. Speaking at the occasion Mr Manoj Agrawal, Senior Vice President JCP said, "Many students find smart classes interesting as they feel that it is like watching a movie. Computer and projector-based teaching helps students understand theories easily and it will assist them in better retention of the subjects taught."

Mr. Amit Kumar, Deputy Commissioner East Singhbhum spoke at the event and appreciated Nuvoco for providing support to government schools for enabling and enhancing the skills of students. Applauding the initiative undertaken by Nuvoco Mr Anil Swarup, Executive Officer of State Development Council explained the importance of smart classes in making learning interactive but at the same time he urged the school and teachers to use it optimally so as to serve the purpose well. This is the third school in which Nuvoco has started smart classes. The decision to install smart classes has been lauded by teachers who said that it would help students to learn fast.

### **About Nuvoco**

Nuvoco Vistas Corp. Ltd. (formerly Lafarge India Limited), is a leading manufacturer and retailer of building materials with a vision to build a safer, smarter and more sustainable world. Nuvoco started operations in India in 1999, and it has since emerged as one of the major players in India; with a reputation that is built on the foundations of Quality, Innovation and Trust. Today it has an installed capacity of around 10.92 MTPA with six cement plants in Chhattisgarh, Haryana, Jharkhand, Rajasthan and West Bengal; and a pan-India presence in the ready-mix concrete (RMX) business with around 70 plants across the country. Our aggregates business is based out of Kotputli in the north; with a capacity of 240 tonnes per hour. In Cement we are a leading player in Eastern, Central and North India; with high performance blended cement variants, which include The Original Jojobera PSC, Concreto, Duraguard, Duraguard Microfiber, and Infracem. We also offer value added products like construction chemicals, wall fill solutions and cover blocks. Our RMX range; comprising specialised products like Agile, Artiste, XLite, InstaMix, and Robuste; is trusted alike by large developers, small contractors, builders, architects, government agencies, and individual house builders. We are proud contributors to landmark projects like Lodha World One and the Metros (Delhi, NOIDA, Jaipur and Mumbai). Guided by the enduring principles of safety for its employees and social responsibility for the community, Nuvoco is charting new roads in providing solutions to meet the country's infrastructure needs.
